

individualisation

Content-Headline: Design your individual sonic chair! (Nearly) everything is possible.

Do you have individual requirements for your sonic chair?

For example

- special colours for the interior and/or exterior upholstery
- special quality materials
- branding solutions / logo applications (your individual logo can be embroidered or embossed on the back cushion)
- alternative equipment (Samsung Galaxy, Ableton Launchpad)
- individualised additions
- development of Apps, individualised presentation software
